

Table IX

Variables	Phasic Psychoses	Cycloid Psychoses	Unsystematic Schizophrenias	Systematic Schizophrenias
Prevailingly perceptual-cognitive pathology		Confusion	Cataphasia	Paraphrenias
Prevailingly relational-affective pathology	+	Anxiety-Happiness	Affect-laden Paraphrenia	Hebephrenias
Prevailingly motor-adaptive pathology		Motility	Periodic Catatonia	Catatonia
Pathology prevailingly in one structure				+
Pathology prevailingly in two structures	Pure Euphorias Pure Depressions	+ +	+	
Pathology in all three structures	Manic Melancholic Pure Manic Pure Melancholia			
Dissociated functioning among three structures			+	+
Harmonious functioning among three structures	+	+		
Episodic course	+	+	+	
Continuous course				+
Unipolar course	Pure Euphorias Pure Depressions Pure Melancholia Pure Mania			
Bipolar Course	Manic Melancholic	+		
Full remission	+	+		
Lack of full remission			+	+
Mild to moderate defect			+	
Moderate to marked defect				+
