Education:

Postgraduate:

Doctor of Philosophy, 2008

Victoria University, Melbourne.

In from the Cold: The Life of Tom Wills a Nineteenth-Century Sporting Hero.

This thesis examined the suicide of Tom Wills and then worked backwards to untangle various factors that led to his death. Among these were alcohol, post-traumatic stress disorder, the life of a sportsman, links with aboriginal Australia and how a gifted young man managed the adulation of the day.

It was awarded the *Australian Council for Health, Physical Education and Recreation* 'Doctoral Student Award of Distinction' and the 'Outstanding Final Year Research Student' award in the School of Sport and Exercise Science at Victoria University, Melbourne.

Fellow of the Royal Australian and New Zealand

College of Psychiatry, 1990
